Summary

I am a dedicated and enthusiastic web developer with a strong foundation in frontend technologies such as HTML, CSS, JavaScript, and React. I have a keen eye for design and a passion for creating responsive, user-friendly web applications. Continuously seeking opportunities to learn and grow, I am eager to contribute to innovative projects and collaborate with teams to deliver impactful digital solutions. My goal is to leverage my skills and creativity to build engaging web experiences that meet user needs and business objectives.

Education

Bachelor of Computer Engineering   **Sep 2021 – July 2025**
